Proguardeum's vision is to deliver safe, sustainable solutions for all living environments.

## How is Proguardeum Optimum™ unique?

- Optimum™ has been independently tested to mitigate against bacteria and viruses.
- Proguardeum's patented technologies optimizes the potency of HOCL to ensure its effectiveness.
- The process is unmatched in performance delivering a oxidation-reduction potential (redox) of >1,000 mV.
- Optimum's formulations are produced in its purest form through new scientific innovations.
- Proguardeum's production capacity sets a new industry standard for long term growth and sustainability.
- Proguardeum manufactures in EPA-registered, GM-compliant facilities throughout the US.

**SAFE FOR INDOOR ENVIRONMENTS INCLUDING YOUR SKIN, SANITIZING RAW PRODUCE, AND ON SENSITIVE ELECTRONICS\***
